## I See Your Beating Heart: a mother's cantata

*Various People Inc in association with Adelaide Festival Centre...*

Trace the hopes and fears held within this everyday miracle

I See Your Beating Heart is an intimate, beautiful and haunting work that explores a woman's journey to motherhood.

Three female singers with piano, violin and 'cello – a little bit jazz, a little bit Celtic, a little bit classical – with stunning images of the infant child.

Music by Richard Chew | Words by Sheila Hill

Creative Producer: Cheryl Pickering

Design: Nic Mollison

*I See Your Beating Heart – A Mother's Cantata, like their previous two recent works, certainly confirms Various People's appetite for the different, the excellent and the innovative.*
